DONATION OF RELIEF GOODS TO INDIGENEOUS COMMUNITY

**DATED AUGUST 08, 2025
CONDUCTED AT SITIO PIDPID
PORAC PAMPANGA**

TRAVEL GOING TO DONATION SITE

- The target community is a Barangay populated by Indigenous people (Aeta), located in Sitio Pidpid, Porac Pampanga. Access to the site is challenging due to mountainous terrain, with roads that are often dusty, foggy and filled with rocks, making travel difficult.

- Upon arriving to the site, it was evident that the community is experiencing unfortunate situation as seen in their living condition and daily circumstances.

- Upon arrival at the donation site, the Aeta families warmly welcomed us into their community. A total of 150 kilos of white rice, assorted canned goods, noodles, frozen foods, hygiene kit, bottled and gallon of water, were distributed to Aeta families.

Our company nurse conducted a brief wellness teaching about proper handwashing and oral hygiene. The Aeta Community members actively participated and joyfully engaged throughout the discussion.

- Despite the challenges we encountered in reaching the site, every effort was well worth it. The genuine smiles and heartfelt gratitude of the community warmed our hearts. A total of 75 families received essential goods and hygiene kit. This activity not only strengthened our connection to the community but also inspired us to continue supporting those in need.
